Summary:

The sailing vessel is now located at $18^{\circ}N$ $86^{\circ}15'W$.

It is carrying a large load of cocaine. Still get the impression that the drugs are stored in the hull of the vessel ^{toward the rear covered up,} and made to look like part of the vessel itself.

~~This vessel is on a 'Special Mission'~~
Something about this vessel/operation is "special". Possible name associated with this target is "Sinbad."

Could not work through an AOC destination of New Orleans, Louisiana.
